Ohio Department of Education School Transportation Driver Medical Examination Form T-8 Form Instructions - for use beginning in FY12

Please type or print clearly in ball point pen and ensure that all copies are legible

EMPLOYER INSTRUCTIONS:

Beginning in 2012, the T8 medical form is provided on the ODE pupil transportation webpage. It must be downloaded and copied for each driver. We recommend copying the driver/employer certification and physician certification back-to-back, since they must be attached to each other for either page to be valid as a T8 medical.

These instructions and the form must be used in conjunction with the ODE web-based data entry system. Each employer must provide a paper T-8 form to the physician for the documentation of the school driver physical. Completed T-8s will be returned to the employer, and the results of the physical must be entered into ODE's reporting system.

Physicals for the next school year may be taken beginning on May 1.

Each driver must have passed a physical prior to September 1 of the new school year, and the information must have been entered into the system and officially submitted. Failure to submit that data will result in notification to the employer of a driver's invalid status resulting from non-compliance with OAC 3301-83-06 and 3301-83-07.

Prior to the Medical Examination:

Enter the driver/applicant name and date of birth on the top right of the physician's T8 form.

Have the driver/applicant complete Section A on the driver/employer T8 form

Complete Section B on the driver/employer T8 form.

Schedule the examination and advise the driver/applicant of date and time.

Provide the Instructions to medical examiner and the Physician's T8 form and Driver/Employer T8 form to the physician. The

two T8 forms must be printed back-to-back or attached to each other to be valid.

If you assess hearing or vision locally, you must complete this prior to the T8 exam and provide documentation to the T8 physician attesting that the driver has passed those items.

Following the Medical Examination:

Ensure that the Physician's T8 form is attached to the correct driver/employer T8 form.

Review the form to ensure the physician's signature and results are legible on all pages. A form must be complete and all of the assessments marked as P for the physical to be considered as a valid passing exam.

Ensure that all captions have been completed and are legible on all pages.

When the driver/applicant has

- 1. <u>Passed</u> the medical examination,
- --THEN--
- 2. Enter the data in the ODE web-based system.

Special instructions for contractors: You will need to provide a copy of the completed physical to the school district you provide services for. You may also be required to submit a copy of the physical to the department of public safety.

Ohio Department of Education School Transportation Driver Medical Examination Form T-8 Form Instructions

MEDICAL EXAMINER INSTRUCTIONS:

All individuals who operate a school transportation vehicle (buses and vans) in Ohio must pass an annual medical examination. This medical exam is set forth in Ohio Administrative Code 3301-83-07, and must be documented on the Ohio Department of Education T-8 Form.

The Ohio exam is different than a federal DOT exam. Please review the requirements of the Ohio exam as documented on the pages of the T-8 form. Please take a thorough history from the driver candidate as part of this examination.

While Ohio school bus and van drivers are not subject to the Federal Motor Carrier Safety Regulation 391.41, those regulations may be used for guidance to the medical community when evaluating Ohio Drivers. In areas where the guidance or interpretation issued in the FMCSRs does not contradict any portion of OAC 3301-83-07, medical practitioners may refer to the FMCSRs as guidance in their evaluation of drivers for an Ohio T-8 exam. Most notably, the FMCSR interpretations for Cardiovascular [391.41 (b)(4)], Epilepsy [391.41 (b)(8)], and Hearing [(391.41 (b)(11)] should be reviewed.

The physical activities that the Ohio school transportation driver may be required to perform are listed below:

- > Operate a school vehicle in normal and adverse driving conditions
- > Operate a school vehicle for prolonged periods of time
- > Engage in repetitive physical activities using arms and legs
- Conduct extensive pre-trip inspections of the school vehicle
- > Assist with loading and unloading of passengers
- Lift and manage special needs and pre-school children
- > Manage and secure wheelchairs and other adaptive equipment
- Evacuate passengers in emergency situations

The employer should provide you with a physician's T8 form and a driver/employer T8 form for each driver that you assess. These forms are to be either printed back-to-back or attached to each other. Please conduct the examination and circle P for Pass or F for Fail for each item listed on the physician's T8 form. If the employer assesses hearing or vision locally, you must have documentation from them attesting that the driver has passed that test.

If in your medical opinion additional review is necessary or you need supporting information from another physician who is knowledgeable about the applicant's history, please do not complete the form.

Do not add notations, conditions, or additional qualifications to the T8 document. Those will cause the document to be considered as invalid evidence of a passing physical.

Please complete and sign the pass/fail section on the bottom of the physician's T8 form. Mark the appropriate final result for the individual examined.

If you are unable to obtain supporting documentation as requested in a reasonable time, please mark the physical as incomplete/failed and return it to the employer.

Please return both of the T8 forms directly to the employer. COMPLETED T8 FORMS MUST BE RETURNED DIRECTLY TO THE EMPLOYER/ESC, AND MAY NOT BE GIVEN TO THE DRIVER CANDIDATE.
