

White Glove Checklist

Please return this form to your FireFly Account Manager or support@fireflycomputers.com

School/Organization Name:	
Primary Contact Name:	
Primary Contact Email:	
Primary Contact Phone:	

Google Apps® Domain:

Enterprise Management Enrollment

Enrollment ID – Please provide a valid user account ID we can use during setup. This should be a dedicated role account or test account such as enroll@domain.com . We just need the ability to authenticate with Google®	
Password – Temporary password for Enrollment ID (this can be changed later)	
Account Confirmation – Please verify that the account provided for enrollment is tested and working. An incorrect entry could cause delays to your order	

Wireless Networking Pre-Configuration

<input type="checkbox"/> Check here if your wireless settings are already configured through Google® Management, then skip this section. Instructions for this can be found at https://support.google.com/chrome/a/answer/4601289?hl=en	
Wi-Fi Network SSID – Note: this is case sensitive	
Security Type – Pre-Configuration is only available for WEP, WPAPSK, and WPA2PSK networks. Please also specify whether encryption is AES or TKIP	
Pre-Shared Key – Note: this is case sensitive	

Additional Options

Automatic Update – Indicate whether the devices should be updated to the latest stable release of Chrome OS®	
Other Instructions or Requests – Please specify any additional setup notes or requirements	

Thank You!
