RE: General Monitoring of School-Issued Devices
FROM: Pike CTC Administration

Parent/Guardian:

This letter serves as the district's annual technology privacy notice consistent with **Ohio Revised Code Sections 3319.325 - .327**.

General Monitoring of School-Issued Devices

Please be aware that the district, either directly or through a technology provider, is electing to generally monitor all school-issued devices (as that term is defined by R.C. 3319.325). The monitoring will include the following features: location data & student interactions with school-issued devices (e.g., keystrokes and web-browsing activity). The district generally monitors these features for the noncommercial education purpose of instruction, technical support, and/or exam proctoring. Additionally, these features are generally monitored as a necessary precaution for preventing and/or responding to threats to life or safety.
